

The following table sets forth the yield experience for the Capital One Master Trust Consumer Segment for each of the periods shown. In each case, the information is grouped by year of account origination. There can be no assurance that the yield experience for receivables in the future will be similar to the historical experience set forth below.

Static Pool Data for the Capital One Master Trust Consumer Segment

Yield

	YTD through					
	December 31, 2022	2021	2020	2019	2018	2017
2017 & Prior Originations	24.60%	23.65%	22.10%	22.39%	21.54%	20.42%

Yield is calculated by dividing the amount of prior month billed finance charges and fees, and interchange by the average principal receivables outstanding for the applicable period. Finance charges and fees include monthly periodic rate finance charges, the portion of the annual membership fees amortized on a monthly basis, cash advance fees, late charges, overlimit fees and other miscellaneous fees.

The origination date for each account is the date on which the account is opened and an account number is assigned.

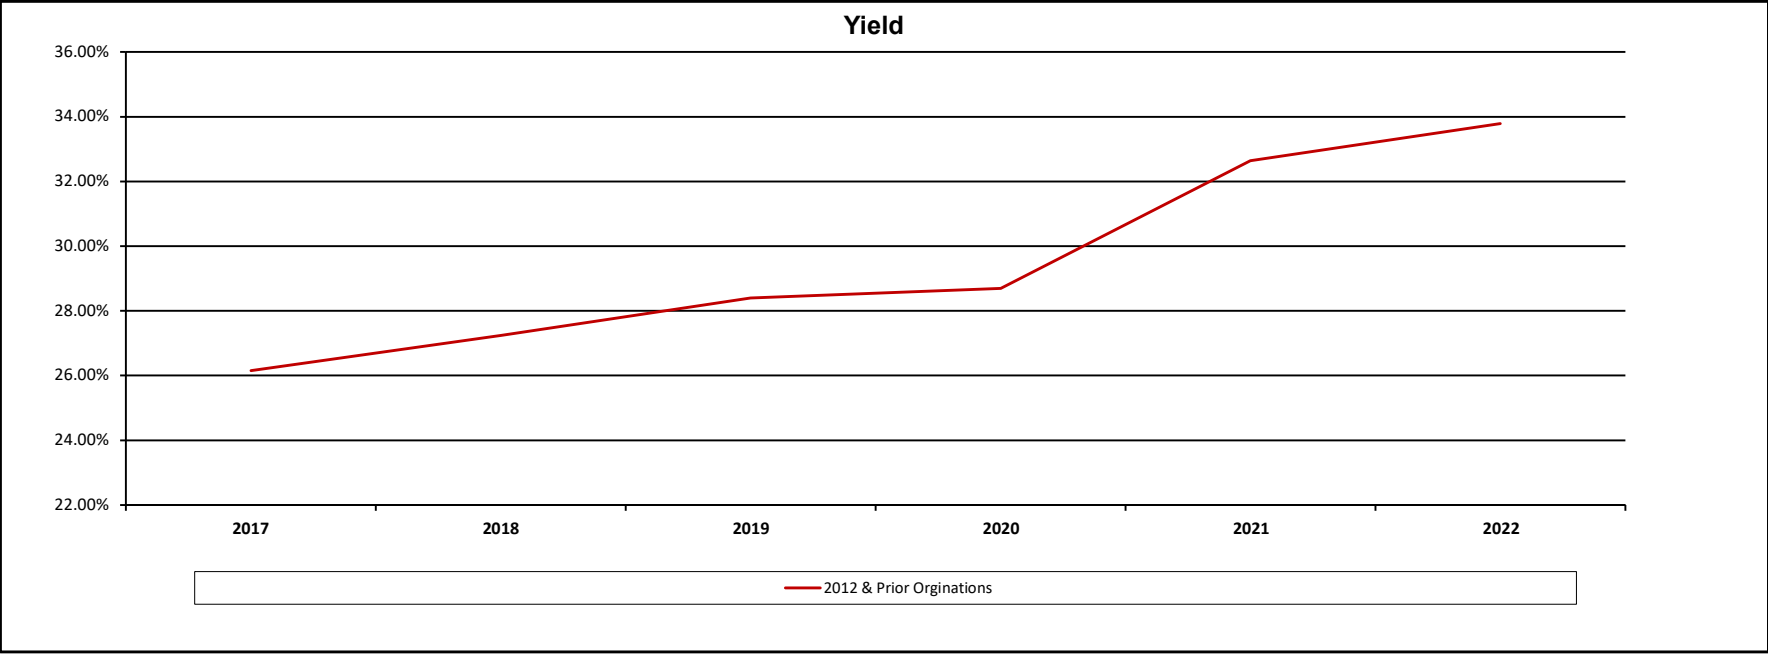

For each account comprising the Master Trust Consumer Segment, performance data is based on the account's performance on and after the date on which such account was added to the Master Trust Consumer Segment.

Consumer accounts, with 2017 and prior originations, have been added in November'2022.

The following table sets forth the yield experience for the Capital One Master Trust Small Business Segment for each of the periods shown. In each case, the information is grouped by year of account origination. There can be no assurance that the yield experience for receivables in the future will be similar to the historical experience set forth below.
