FOR IMMEDIATE RELEASE: July 20, 2023

# Capital One Reports Second Quarter 2023 Net Income of \$1.4 billion, or \$3.52 per share

**McLean, Va. (July 20, 2023)** – Capital One Financial Corporation (NYSE: COF) today announced net income for the second quarter of 2023 of \$1.4 billion, or \$3.52 per diluted common share, compared with net income of \$960 million, or \$2.31 per diluted common share in the first quarter of 2023, and with net income of \$2.0 billion, or \$4.96 per diluted common share in the second quarter of 2022.

"We continue to lean into attractive opportunities to grow and build our franchise in our domestic card and national retail bank businesses, and our opportunities are enhanced by our technology transformation." said Richard D. Fairbank, Founder, Chairman, and Chief Executive Officer. "Our investments to build and leverage a modern technology infrastructure are expanding our opportunities and driving value creation over the long-term."

All comparisons below are for the second quarter of 2023 compared with the first quarter of 2023 unless otherwise noted.

#### **Second Quarter 2023 Income Statement Summary:**

- Total net revenue increased 1 percent to \$9.0 billion.
- Total non-interest expense decreased 3 percent to \$4.8 billion:
  - 1 percent decrease in marketing.
  - 3 percent decrease in operating expenses.
- Pre-provision earnings<sup>(1)</sup> increased 7 percent to \$4.2 billion.
- Provision for credit losses decreased \$305 million to \$2.5 billion:
  - Net charge-offs of \$2.2 billion.
  - \$318 million loan reserve build.
- Net interest margin of 6.48 percent, a decrease of 12 basis points.
- Efficiency ratio of 53.20 percent.
- Operating efficiency ratio of 43.36 percent.

Pre-provision earnings is a non-GAAP metric calculated based on total net revenue less non-interest expense for the period. Management believes that this financial metric is useful in assessing the ability of a lending institution to generate income in excess of its provision for credit losses. See our Financial Supplement, filed as Exhibit 99.2 to our Current Report on From 8-K on July 20, 2023 with the Securities and Exchange Commission (the "SEC"), "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for a reconciliation and additional information on non-GAAP measures.

#### **Second Quarter 2023 Balance Sheet Summary:**

- Common equity Tier 1 capital ratio under Basel III Standardized Approach of 12.7 percent.
- Period-end loans held for investment in the quarter increased \$2.5 billion, or 1 percent, to \$311.3 billion.
  - Credit Card period-end loans increased \$5.3 billion, or 4 percent, to \$142.5 billion.
    - Domestic Card period-end loans increased \$5.0 billion, or 4 percent, to \$136.0 billion.
  - Consumer Banking period-end loans decreased \$871 million, or 1 percent, to \$77.3 billion.
    - Auto period-end loans decreased \$811 million, or 1 percent, to \$75.8 billion.
  - Commercial Banking period-end loans decreased \$2.0 billion, or 2 percent, to \$91.6 billion.
- Average loans held for investment in the quarter increased \$1.9 billion, or 1 percent, to \$309.7 billion.
  - Credit Card average loans increased \$4.1 billion, or 3 percent, to \$138.8 billion.
    - Domestic Card average loans increased \$3.9 billion, or 3 percent, to \$132.5 billion.
  - Consumer Banking average loans decreased \$1.3 billion, or 2 percent, to \$77.7 billion.
    - Auto average loans decreased \$1.2 billion, or 2 percent, to \$76.2 billion.
  - Commercial Banking average loans decreased \$897 million, or 1 percent, to \$93.2 billion.
- Period-end total deposits decreased \$6.1 billion, or 2 percent, to \$343.7 billion, while average deposits increased \$3.6 billion, or 1 percent, to \$343.7 billion.
- Interest-bearing deposits rate paid increased 51 basis points to 2.91 percent.

#### **Earnings Conference Call Webcast Information**

The company will hold an earnings conference call on July 20, 2023 at 5:00 PM Eastern Time. The conference call will be accessible through live webcast. Interested investors and other individuals can access the webcast via the company's home page (www.capitalone.com). Under "About," choose "Investors" to access the Investor Center and view and/or download the earnings press release, the financial supplement, including a reconciliation of non-GAAP financial measures, and the earnings release presentation. The replay of the webcast will be archived on the company's website through August 3, 2023 at 5:00 PM Eastern Time.

#### **Forward-Looking Statements**

Certain statements in this release may constitute forward-looking statements, which involve a number of risks and uncertainties. Forward-looking statements often use words such as "will," "anticipate," "target," "expect," "think," "estimate," "intend," "plan," "goal," "believe," "forecast," "outlook" or other words of similar meaning. Any forward-looking statements made by Capital One or on its behalf speak only as of the date they are made or as of the date indicated, and Capital One does not undertake any obligation to update forward-looking statements as a result of new information, future events or otherwise. Capital One cautions readers that any forward-looking information is not a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking information due to a number of factors. For additional information on factors that could materially influence forward-looking statements included in this earnings press release, see the risk factors set forth under "Part I—Item 1A. Risk Factors" in the Annual Report on Form 10-K for the year ended December 31, 2022 filed with the SEC and Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC.

#### **About Capital One**

Capital One Financial Corporation (www.capitalone.com) is a financial holding company which, along with its subsidiaries, had \$343.7 billion in deposits and \$467.8 billion in total assets as of June 30, 2023. <sup>(1)</sup> The information contained in this Financial Supplement is preliminary and based on data available at the time of the earnings presentation. Investors should refer to our Quarterly Report on Form 10-Q for the period ended June 30, 2023 once it is filed with the Securities and Exchange Commission.

This Financial Supplement includes non-GAAP measures. We believe these non-GAAP measures are useful to investors and users of our financial information as they provide an alternate measurement of our performance and assist in assessing our capital adequacy and the level of return generated. These non-GAAP measures should not be viewed as a substitute for reported results determined in accordance with generally accepted accounting principles in the U.S. ("GAAP"), nor are they necessarily comparable to non-GAAP measures that may be presented by other companies. See "Table 15 - Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for a reconciliation of any non-GAAP financial measures.

#### **CAPITAL ONE FINANCIAL CORPORATION (COF)**

#### Table 5: Notes to Financial Summary, Selected Metrics and Consolidated Financial Statements (Tables 1—4)

- (1) Total net revenue was reduced by \$443 million in Q2 2023, \$405 million in Q1 2023, \$321 million in Q4 2022, \$222 million in Q3 2022 and \$211 million in Q2 2022 for credit card finance charges and fees charged-off as uncollectible.
- Dividends and undistributed earnings allocated to participating securities and earnings per share are computed independently for each period. Accordingly, the sum of each quarterly amount may not agree to the year-to-date total. We also provide adjusted diluted earnings per share, which is a non-GAAP measure. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on our non-GAAP measures.
- (3) Tangible book value per common share is a non-GAAP measure calculated based on TCE divided by common shares outstanding. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on non-GAAP measures.
- (4) Total net revenue margin is calculated based on annualized total net revenue for the period divided by average interest-earning assets for the period.
- (5) Net interest margin is calculated based on annualized net interest income for the period divided by average interest-earning assets for the period.
- (6) Return on average tangible assets is a non-GAAP measure calculated based on annualized income (loss) from continuing operations, net of tax, for the period divided by average tangible assets for the period. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on non-GAAP measures.
- (7) Return on average common equity is calculated based on annualized net income (loss) available to common stockholders less annualized income (loss) from discontinued operations, net of tax, for the period, divided by average common equity. Our calculation of return on average common equity may not be comparable to similarly-titled measures reported by other companies.
- (8) Return on average tangible common equity is a non-GAAP measure calculated based on annualized net income (loss) available to common stockholders less annualized income (loss) from discontinued operations, net of tax, for the period, divided by average TCE. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on non-GAAP measures.
- (9) Efficiency ratio is calculated based on total non-interest expense for the period divided by total net revenue for the period. We also provide an adjusted efficiency ratio, which is a non-GAAP measure. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on our non-GAAP measures.
- Operating efficiency ratio is calculated based on operating expense for the period divided by total net revenue for the period. We also provide an adjusted operating efficiency ratio, which is a non-GAAP measure. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on our non-GAAP measures.
- (11) Net charge-off rate is calculated based on annualized net charge-offs for the period divided by average loans held for investment for the period.
- (12) Capital ratios as of the end of Q2 2023 are preliminary and therefore subject to change. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for information on the calculation of each of these ratios.
- (13) TCE ratio is a non-GAAP measure calculated based on TCE divided by tangible assets. See "Table 15: Calculation of Regulatory Capital Measures and Reconciliation of Non-GAAP Measures" for additional information on non-GAAP measures.
- \*\* Not meaningful.

#### **CAPITAL ONE FINANCIAL CORPORATION (COF)**

#### Table 14: Notes to Net Interest Margin, Loan, Allowance and Business Segment Disclosures (Tables 6—13)

- (1) Average yield is calculated based on annualized interest income for the period divided by average loans during the period. Annualized interest income does not include any allocations, such as funds transfer pricing. Average yield is calculated using whole dollar values for average balances and interest income/expense. Accordingly, total interest earning assets less total interest bearing liabilities may not total net interest income/spread.
- (2) In August 2022, in addition to our normal recovery activity, we sold a pool of charged-off loans that resulted in elevated debt sale recovery activity of approximately \$33 million, which decreased the Domestic Credit Card net charge-off rate for the third quarter of 2022 by approximately 11 basis points. Excluding the impact, the Domestic Credit Card net charge-off rate would have been 2.31% for the third quarter of 2022.
- (3) Nonperforming loan rates are calculated based on nonperforming loans for each category divided by period-end total loans held for investment for each respective category. For Commercial Banking, loans categorized as nonperforming are considered criticized nonperforming.
- (4) Nonperforming assets consist of nonperforming loans, repossessed assets and other foreclosed assets. The total nonperforming asset rate is calculated based on total nonperforming assets divided by the combined period-end total loans held for investment, repossessed assets and other foreclosed assets.
- (5) Primarily represents the initial allowance for purchased credit-deteriorated loans and foreign currency translation adjustments. The initial allowance of purchased credit-deteriorated loans was \$0 million and \$32 million for the three and six months ended June 30, 2023, respectively.
- (6) Impact from the adoption of ASU 2022-02, Financial Instruments Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures as of January 1, 2023.
- (7) Some of our commercial investments generate tax-exempt income, tax credits or other tax benefits. Accordingly, we present our Commercial Banking revenue and yields on a taxable-equivalent basis, calculated using the federal statutory tax rate of 21% and state taxes where applicable, with offsetting reductions to the Other category.
- (8) Total net revenue margin is calculated based on total net revenue for the period divided by average loans outstanding during the period.
- (9) Purchase volume consists of purchase transactions, net of returns, for the period, and excludes cash advance and balance transfer transactions.
- (10) Percentages represent period-end loans held for investment in each credit score category. Domestic Card credit scores generally represent FICO scores. These scores are obtained from one of the major credit bureaus at origination and are refreshed monthly thereafter. We approximate non-FICO credit scores to comparable FICO scores for consistency purposes. Balances for which no credit score is available or the credit score is invalid are included in the 660 or below category.
- (11) Percentages represent period-end loans held for investment in each credit score category. Auto credit scores generally represent average FICO scores obtained from three credit bureaus at the time of application and are not refreshed thereafter. Balances for which no credit score is available or the credit score is invalid are included in the 620 or below category.
- 12) In the fourth quarter of 2022, an internal funds transfer pricing impact of \$176 million decreased net interest income in the Commercial Banking business and increased the Other category, and was therefore neutral to Capital One Financial Corporation.
- (13) We reclassified \$888 million in commercial office real estate loans from loans held for investment to loans held for sale as of June 30, 2023.
- (14) Criticized exposures correspond to the "Special Mention," "Substandard" and "Doubtful" asset categories defined by bank regulatory authorities.
- (15) Includes charges incurred as a result of restructuring activities.
- \*\* Not meaningful.

### **Reconciliation of Non-GAAP Measures**

The following non-GAAP measures consist of our adjusted results that we believe help investors and users of our financial information understand the effect of adjusting items on our selected reported results, however, they may not be comparable to similarly-titled measures reported by other companies. These adjusted results provide alternate measurements of our operating performance, both for the current period and trends across multiple periods. The following tables present reconciliations of these non-GAAP measures to the applicable amounts measured in accordance with GAAP.

### **Reconciliation of Non-GAAP Measures**

The following summarizes our non-GAAP measures. While these non-GAAP measures are widely used by investors, analysts and bank regulatory agencies to assess the operating performance and capital position of financial services companies, they may not be comparable to similarly-titled measures reported by other companies. The following table presents reconciliations of these non-GAAP measures to the applicable amounts measured in accordance with GAAP.

<sup>(1)</sup> Regulatory capital metrics and capital ratios as of June 30, 2023 are preliminary and therefore subject to change.

<sup>(2)</sup> Excludes certain components of AOCI as permitted under the Tailoring Rules.

<sup>(3)</sup> Total capital equals the sum of Tier 1 capital and Tier 2 capital.

<sup>(4)</sup> Adjusted average assets for the purpose of calculating our Tier 1 leverage ratio represents total average assets adjusted for amounts that are deducted from Tier 1 capital, predominately goodwill and intangible assets. Tier 1 leverage ratio is a regulatory capital measure calculated based on Tier 1 capital divided by adjusted average assets.

<sup>(5)</sup> Common equity Tier 1 capital ratio is a regulatory capital measure calculated based on common equity Tier 1 capital divided by risk-weighted assets.

<sup>(6)</sup> Tier 1 capital ratio is a regulatory capital measure calculated based on Tier 1 capital divided by risk-weighted assets.

<sup>(7)</sup> Total capital ratio is a regulatory capital measure calculated based on total capital divided by risk-weighted assets.

<sup>(8)</sup> TCE ratio is a Non-GAAP measure calculated based on TCE divided by tangible assets.

<sup>(9)</sup> Management believes that this financial metric is useful in assessing the ability of a lending institution to generate income in excess of its provision for credit losses.

<sup>(10)</sup> Includes impact of related deferred taxes.

<sup>(11)</sup> Management believes that this financial metric is useful in assessing capital adequacy and the level of returns generated.

Return on average tangible common equity is a non-GAAP measure calculated based on annualized net income (loss) available to common stockholders less annualized income (loss) from discontinued operations, net of tax, for the period, divided by average TCE.

<sup>(13)</sup> Return on average tangible assets is a non-GAAP measure calculated based on annualized income (loss) from continuing operations, net of tax, for the period divided by average tangible assets for the period.
