- (a) Accounts include accounts which have a credit balance and accounts which have no balance because receivables may be generated with respect to such accounts in the future. Accounts do not include certain charged-off accounts with zero balances. Beginning in November 2009, Accounts, as defined herein, also include accounts which are closed, but still have a balance. Such accounts were omitted from reporting prior to this time. All other items have been and are still appropriately reflecting closed accounts with a balance.
- (b) Calculated as End of Month Transferor Interest (line 22) divided by End of the Month Principal Receivables (line 15). Capital One, National Association, as "originator" for the purposes of (i) the EU risk retention requirements (with respect to any outstanding tranche of Class A notes issued before November 2022) and (ii) the UK risk retention requirements (with respect to any outstanding tranche of Class A notes issued after June 2021), currently retains a material net economic interest that is not less than five percent of the nominal value of the securitized exposure, which interest is not subject to any credit risk mitigation, short position or other hedge, except to the extent permitted by the EU risk retention requirements and UK risk retention requirements.
- (c) Calculated as End of Month Transferor Interest (line 22) divided by the aggregate unpaid principal balance of the outstanding notes issued by COMET (including notes held for the life of such notes by Capital One, National Association or its wholly-owned affiliates). Capital One, National Association, as sponsor, currently complies with the U.S. risk retention rules through retention by Capital One Funding, LLC of a "seller's interest," in the form of the Transferor Interest.
